

Friends of St Mary's

www.haylinganglicans.co.uk

The Friends of St Mary's Church Hayling Island are presenting a very special lecture entitled 'Art and The English Bible'. The Lecture is by Professor Michael Wheeler who is a visiting professor at Southampton University and he Lectures with the National Association of Decorative and Fine Art Society. He also was the curator of the Exhibition at Winchester Cathedral last year, celebrating 400 years of the King James Bible.

Professor Wheeler has been highly praised around the country for this lecture and I have no doubt you will go away enlightened and inspired.

We are fundraising for the Community Spirit Appeal which you can find out more about at this fund raiser.

We would very much appreciate your support and hope you may be able to bring along some friends. Entry is free, but a retiring collection will be made. There will be light refreshments upon arrival at 6:45, the lecture is to start at 7:30.

Yours sincerely

Vice Admiral Sir John Lea
